

USC Diabetes & Obesity Research Institute is pleased to announce its
First Annual Research Symposium:

FROM CELLS TO PSYCHOLOGY: INTEGRATIVE INSIGHTS INTO DIABETES & OBESITY

Wednesday, February 19, 2014

Keck School of Medicine of USC
Norris Research Tower: Aresty Auditorium
1450 Biggy Street, Los Angeles, CA 90033

DORI Symposium Schedule

8:00am - 8:45am	Registration & Continental Breakfast	
8:45am - 9am	Tom Buchanan, MD	Opening Remarks (DORI Co-Director)
9:00am - 9:05am	Jang Youn, PhD	SESSION I Chair: Introductions
9:05am - 9:50am	Christopher Rhodes, PhD	Three Hidden Signals Show How β -Cells are Primed for Their Own Demise
9:50am - 10:35am	Janos Peti-Peterdi, MD, PhD	From Metabolic Stress to Disease: (Patho)Physiology of Succinate and GPR91
10:35am - 10:50am	Break	
10:50am - 10:55am	Sebastien Bouret, PhD	SESSION II Chair: Introductions
10:55am - 11:40am	Julie Lumeng, MD	Biobehavioral Mechanisms Linking Psychosocial Stress and Obesity in Young, Low-Income Children
11:40am - 12:25pm	Helena Chui, MD	Controversial Links Between Diabetes Mellitus and Alzheimer Disease
12:25pm - 1:30pm	Lunch	
1:30pm - 1:35pm	Wei Li, PhD	SESSION III Chair: Introductions
1:35pm - 2:20pm	Michael Stallcup, PhD	Role of the Glucocorticoid Receptor and its Coregulators in Diabetes and Obesity: A Search for Novel Therapeutic Strategies that Rely on the Gene-Specific Actions of Coregulators
2:20pm - 3:05pm	Scott Kanoski, PhD	How do Glucagon-Like Peptide-1 Ligands Reduce Food Intake and Body Weight?
3:05pm - 3:50pm	Carey Lumeng, MD, PhD	Adipose Tissue Leukocytes and Obesity-Induced Inflammation
3:50pm - 4:00pm	Michael Goran, PhD	Closing Remarks (DORI Co-Director)
4:00pm - 5:00pm	Wine & Cheese Reception
